Prayer in the writ petition is for a direction to the University to combine the result of practical examination under the old scheme with the result of theory examination under the new scheme and publish petitioner's result in M.Sc Chemistry examination. The learned Standing Counsel submitted that besides change of subjects there is change in the pattern of allotment of marks between theory and practical examinations under the new scheme and the old scheme. In the circumstances, prayer cannot be granted. Since the petitioner has passed theory examination under the new scheme, it is for the petitioner to appear for the practical examination also under the new scheme. Accordingly, there will be a direction to the university to permit the petitioner to attend the practical examination under the new scheme in the same center, where he wrote the theory examination under the university and publish the result thereafter.
